

Kansas GIS Initiative 2017 Program Goals

CY2017 Program Goals

- 2017 = new year, new focus
- Prioritize strategic initiatives:
 - Planning
 - Policy
 - Asset Management
 - Collaboration
 - Communication & Outreach
- This is overdue, however other circumstances have prevented this from happening
- We need your help to make this effort successful

What?

- Long-term goal = **Kansas GIS Initiative Strategic Plan**
- Intermediate goals & products to get us there:
 - Policy & standard development, review, and update
 - Kansas One Map strategic components
 - Initiative work plans
 - Communication plans
 - Platform development
 - Renew new Esri ELA 3-year agreement
 - Agency & Organization GIS Profiles
 - GIS Project Profiles
- **...but it all begins with the data**

GIS “Data-centric” Business Plans

- What is a Data-centric Business Plan?
 - A guide or roadmap for future
 - Where are we?
 - Where should we go?
- Why are Business Plans important?
 - Outline goals and plans to support growth
 - Communicate and identify course of action

GIS “Data-centric” Business Plans

Kansas GIS Policy Board

- Subject Matter Experts (SME) = TAC Data Committees
 - Administrative Boundaries
 - Cadastral/Real Estate
 - Critical Infrastructure and Structures
 - Cultural and Recreational
 - Elevation
 - Environmental Resources
 - Imagery
 - Land Surface/Geology/Soils
 - Transportation
 - Utilities and Energy Resources
 - Water Resources
- Consider National Geospatial Data Asset Themes

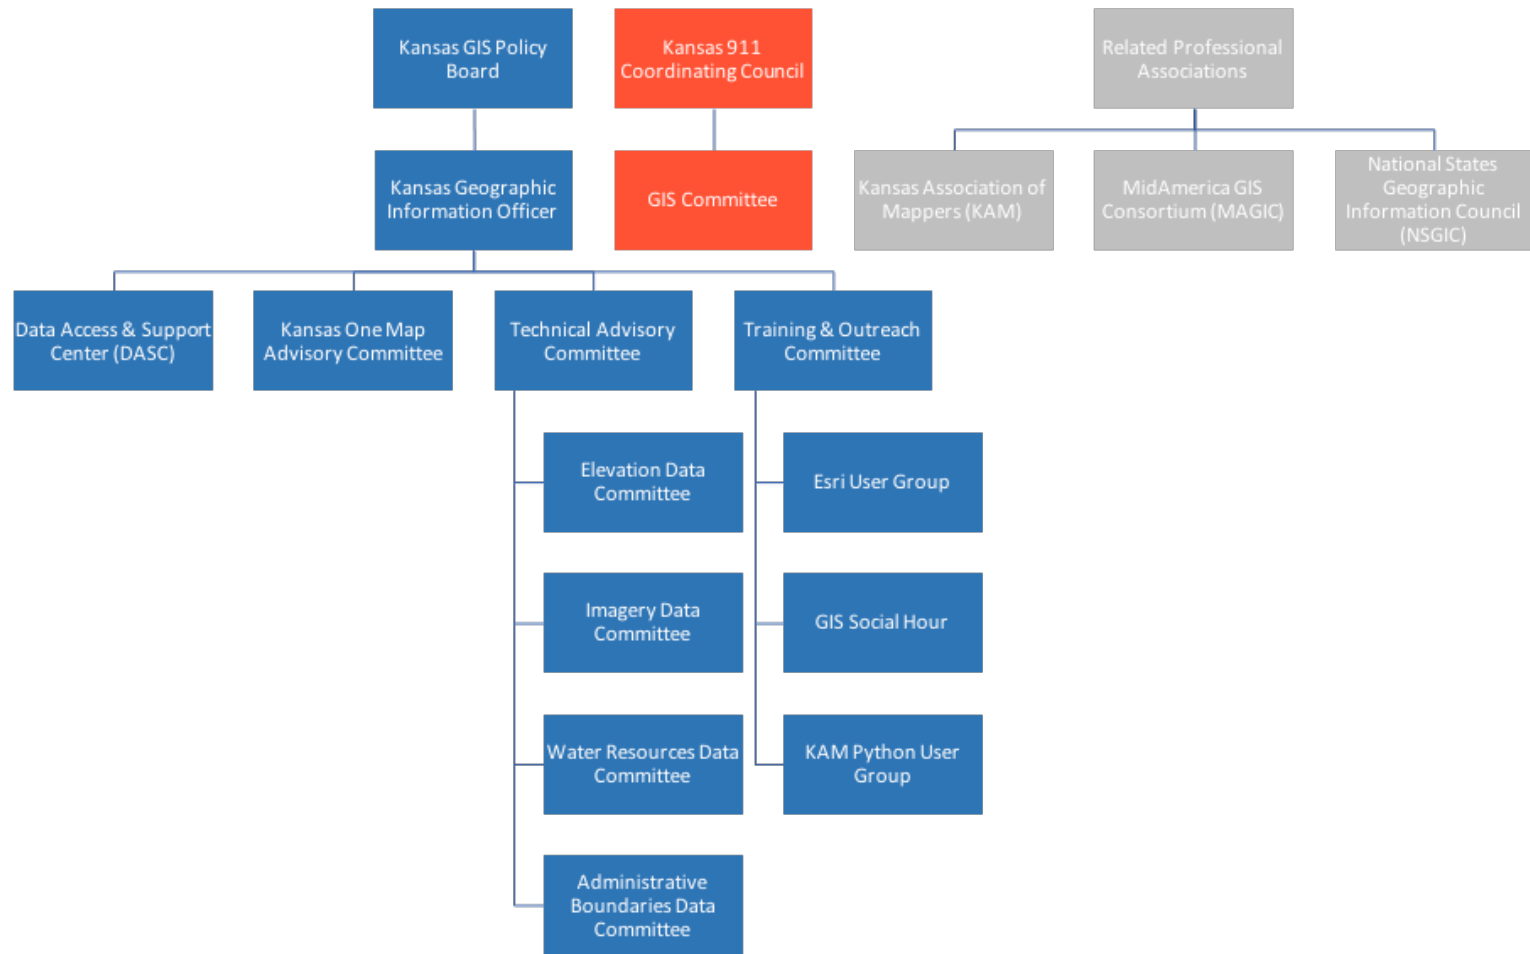

GIS “Data-centric” Business Plans

- How do we get started?
 - DASC will facilitate effort
 - Reports will follow standard format
 - Start simple, be flexible
 - Just get started!
- Homework assignment
 - Email battles@kgs.ku.edu
 - Chairs and SME

Why?

- Business plans and gap analysis will position us to develop a stronger strategic plan (3-year outlook)
- Review and recast strategic plan annually
- Maintain 3-year outlook with annual review
